

ORDER NOW!

Prices valid until July 2014

Annual Subscription	Primary†	Secondary
New Customer	£80 + vat <input type="checkbox"/>	£140 + vat <input type="checkbox"/>
New Customer (price freeze♦)	£64 + vat <input type="checkbox"/>	£120 + vat <input type="checkbox"/>
Existing Customer*	£50 + vat <input type="checkbox"/>	£98 + vat <input type="checkbox"/>
Existing Customer* (price freeze♦)	£50 + vat <input type="checkbox"/>	£98 + vat <input type="checkbox"/>

† This is only available to Primary Schools or schools with fewer than 100 pupils in total.

* Schools who previously bought 10ticks and have changed to Academy status are entitled to the existing customer prices. This ensures the Academy is legally covered by copyright.

♦ Price freeze ensures that the subscription price is frozen for between 3 -6 years. This means that you know your budget in advance. On top of this you get the added benefit of your worksheets being stamped with a longer licence date.

Yes, I want the prize freeze option for

In a survey of Heads of Maths who use 10ticks:

99% would recommend the worksheets to a colleague in another school.

90% said that the worksheets have positively motivated their students.

82% said that the use of the worksheets had contributed to an increase in the standard of teaching in their schools.

Survey conducted by Manchester Metropolitan University Business School. See website for full details.

"An excellent resource full of stimulating worksheets and some superb games - it wasn't just the pupils who enjoyed them! If you're looking for a superb resource - look no further than 10ticks, Algebra has never been so much fun!" Sue Hughes, Myton School, Warwick.

"An extraordinary resource. Quite the richest and most comprehensive set of worksheets I have ever seen. Varied and interesting." Pete Davies, Dormston School, Dudley.

E-Books

We now have a range of e-books. Each e-book is available as a National Curriculum level. For more information visit www.10ticks.co.uk/ebooks.aspx.

Lifetime Licences

We still offer the lifetime licences which have risen in price significantly. With the lifetime licence you do not get any of the new 1100 worksheets. For more information visit www.10ticks.co.uk/lifetimelicence.aspx.

"If you've not added 10ticks to your maths resources, you're missing out." - Times Educational Supplement.

NEW 10TICKS Worksheet Annual Licence

For more than 10 years 10ticks has supplied schools around the world with its fantastic range of worksheets.

This year 10ticks releases over 1100 brand new worksheets. You also get the whole collection, level 1 - level 10.

What's more, existing customers get a great discount. It's our way of saying thanks for your support over the last 10 years.

Schools that have previously bought and have changed to an Academy are encouraged to purchase the annual licence, to ensure that their licence is valid.

"If you've not added 10ticks to your maths resources, you're missing out." - Times Educational Supplement.

Over 2 MILLION pupils already use 10ticks worksheets

What you get

New worksheets released every year

Instant access to download the worksheets

Updates with curriculum changes

Over 1100 **brand new** worksheets

Our entire collection. That's levels 1,2,3,4,5,6,7/8,9/10 and the Calculated Colourings, a total of more than 3700 worksheets

Coverage of every National Curriculum topic

Peace of mind! Your licence is covered if you change, or have changed, to an Academy

If you are already using the 10ticks worksheets please ensure they are stamped with your current school name.

The NEW Worksheets

Exactly what you asked for. More of the same excellent worksheets you are already using.

But you get the complete collection, plus more than 1100 new worksheets you have never seen before.

For a really low annual cost.

About the Worksheets

If you haven't yet seen our worksheets, you can download a free sample at www.10ticks.co.uk.

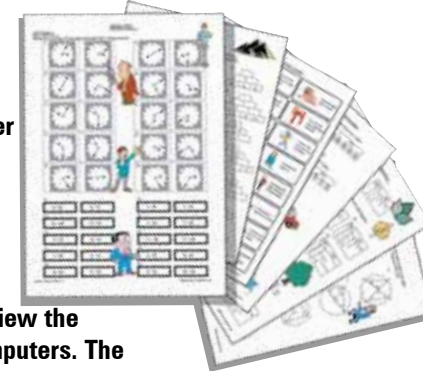

Our resources are brilliant for reinforcing the skills that your students are **ALREADY** working on. They encourage creative thinking, problem solving and allow students to expand their thinking skills. Use the worksheets as a resource that supplements a rich and varied programme where your students can explore, engage, investigate, play and learn in a variety of different ways and different formats. So use the worksheets for 5 minutes per lesson, 20 minutes per week. Fit them around your students' time for investigative and trial and error learning. Use them to cover teacher absence, for lesson starters, for homework or for testing knowledge. You are the expert, **YOU** decide.

Price Freeze

We are also giving you a price freeze option which covers you against future price increases. You can take this for between 3 and 6 years. As well as knowing your budget in advance, the worksheets are stamped with the longest expiry date, saving on printing.

How it works

Once ordered you can either download the worksheets online, or for an additional small charge, we can send them out to you on CD. You will also get our DRM software so that you can view the worksheets on up to 8 computers. The worksheets are also stamped with the school name and expiry date at the bottom of each sheet. You can extend the subscription at any time. On expiry all copies must not be used and discarded in line with the terms and conditions.

The best option for most schools is to take the price freeze offer. Take this for 3-6 years so that worksheets are stamped with the longest expiry date, saving on printing, and protecting against price rises.
